

Protagen Protein Services GmbH is a leading international specialist in the field of GMP-compliant protein analysis with locations in Heilbronn, Heidelberg, Dortmund, and Cambridge (MA). We support our customers successfully in the development of therapeutic protein drugs and biosimilars. The merger with **GeneWerk GmbH** enabled us to expand our portfolio to include vector safety, characterization and functional analysis of gene therapeutics to become a full-service partner for the development of novel therapeutic approaches for the biopharmaceutical industry. We owe our long-standing success to our employees, who pursue their tasks with joy and commitment.

Be part of our team!

At our locations in **Dortmund** and **Heilbronn** we are looking for a

Qualification & Validation Specialist (m/f/d)

Your responsibilities

- Interdisciplinary work between the laboratory, IT and quality assurance
- Conduction of risk analyses (e.g. FMEA) relating to devices, premises and software
- Filing and review of qualification and validation documents for analytical devices and premises as well as software
- Execution of qualification and validation tests
- Filing and revision of SOPs
- Conducting training courses
- Coordination and monitoring of periodic reviews and requalifications / revalidations
- Monitoring of maintenance for devices
- Support with sponsor and governmental audits

Your Profile

- Successfully completed studies in natural sciences (Biology, Chemistry or equivalent).
- Good GxP knowledge and knowledge of regulatory requirements.
- Ideally several years of industrial work experience in the fields of coordination and implementation of qualification/validation activities.
- Several years of experience in project planning and management as well as in staff management.
- Good command of the English language, both written and spoken.
- You work in a solution-oriented manner and enjoy active communication with colleagues.
- Diligence, reliability and organizational skills complete your profile.

We offer you

- Responsible and varied tasks in a motivating working environment
- A permanent position in a dynamically growing life science group of companies with over 170 employees
- Optimal training and individual development opportunities
- Fresh fruit and drinks at your free disposal
- Appreciation, openness and respect as well as a lively feedback culture

We are looking forward to receiving your complete application documents including a letter of motivation, information on the possible starting date and your salary expectations in one or two PDF files by e-mail to
